

Parent Association (CAPE)

We are all members of CAPE!! By becoming a family at MSBG, you have become a member of the CAPE family. We are an organization that is open to everyone, and are currently looking for volunteers, supporters, and people to fill the leadership roles.

The mission of our school Parent Association is to build community among the families of the Montessori School of Bowling Green. We aim to help families feel welcome and integral to the school from preschool through eighth grade, to reinforce and extend the Montessori philosophy, to raise funds for special projects, and to support the teachers and administration of the School.

Stop by and learn more about CAPE and how you can be involved at our:

CAPE open house

Testimonial: Vitto Brown

Vitto attended MSBG through the sixth grade and graduated from Bowling Green High School. He attended the University of Wisconsin on a full-ride basketball scholarship.

In high school, he received Ohio Division 2 basketball player of the year, NW Ohio player of the year, and NLL player of the year awards.

At the University of Wisconsin, Vitto Brown made the game-winning defensive play in Wisconsin's upset of Villanova in the second round in 2017. He was a key starter in his final year of college basketball.

Vitto said about MSBG,

I especially appreciate the free movement in the Montessori classrooms and the freedom of choice. It was important to not all work on the same things at the same time. I also really appreciate the hands-on learning including the math materials, language manipulatives, history simulations and science labs.

Welcome to the 2017-2018 school year!
We are honored to be partners with you!

This year marks our 38th school year and we are very much looking forward to the first days of school, establishing community within our classrooms as well as the whole school. Children thrive when home and school work in harmony. The school-home partnership is built on a solid foundation of trust and respect.

MSBG's Mission: The Montessori School of Bowling Green is a nurturing community that educates the whole child in a Montessori environment, where children develop mutual respect, personal responsibility, and a passion for learning.

MSBG's Commitment to Parents:

- Advocacy. Each child is treated with love, respect and dignity.
- A prepared environment. We offer a safe, inspiring, stimulating educational environment.
- Community. We provide friendly, professional and timely support to families.
- Montessori. We hold the school, staff and students to the highest Montessori standards and guide children to become independent, responsible, self-confident and compassionate world citizens.

MSBG's Hope is that Parents:

- Understand and embrace Montessori philosophy.
 - Become familiar with the school's routines and policies.
 - Maintain an open and constructive communication with the school. Each week, we publish Friday Features, our e-newsletter. We post information by classroom doors and through email, and a variety of print and online publications are available to you.
 - Get involved with our school. Join us for Parent Talk and parent chats, observe in our classrooms and come to our events. Apply Montessori principles at home. You can create consistency in your child's life by attending parent education sessions and learning more about the Montessori approach.
- Be an ambassador for Montessori education. We hope that parents can be our best ambassadors to promote Montessori education to more children and families.
