## Montessori Circle May 2019 Year End Wrap Up

The 2018-19 school year saw a lot of activity and growth. From our Toddlers learning to be more independent to our Middle Schoolers preparing for life outside of MSBG. There were field trips, assemblies, room dedications, special visitors, wintery calamity days, sunny springtime weather and everything in between. MSBG is a great community of friends and family.

As we wrap up our school year the MSBG staff would like to thank our students, families, faculty and staff, community partners, the MSBG Board of Directors, and everyone who made our school year so successful!

"There is a great sense of community within the Montessori classroom, where children of differing ages work together in an atmosphere of cooperation rather than competitiveness. There is respect for the environment and for the individuals within it, which comes through experience of freedom within the community." ~Maria Montessori

The Montessori School of Bowling Green is a nurturing community that educates the whole child in a Montessori environment, where children develop mutual respect, personal responsibility, and a passion for learning.
